

A1

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"#1 reason my clients don't lose weight? They don't know what they eat."

BEATS: SAY IT YOUR WAY

- Not lazy: tracking apps are a chore, so people quit by week two
- This one learns what you eat. Breakfast, one tap.
- If you won't track, you're guessing. Stop guessing.

 Mid-set, rack the weight, turn to camera. Over-shoulder: Quick Add tap + count-up.

A2

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"How much protein do you actually need? Way simpler than TikTok says."

BEATS: SAY IT YOUR WAY

- Your own rule of thumb (your words)
- Most clients are at about half that
- Set a protein goal and watch one bar

 Home screen: protein column vs goal.

A3

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"This is why your Monday weigh-in is up."

BEATS: SAY IT YOUR WAY

- It's not the donut: it's the untracked meals around it
- Weekend is 2/7 of your week
- Track it to know, not to feel bad

 Holding a donut box. Progress week chart with a tall Saturday.

A4

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"Up 2 pounds overnight?!"

BEATS: SAY IT YOUR WAY

- Water, salt, carbs, sleep
- One weigh-in means nothing
- Weekly average is what I watch

 Step off the scale. Weekly Recap: average weight vs last week.

A5

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"You hate tracking calories?
Here's the deal I make with
clients."

BEATS: SAY IT YOUR WAY

- Track for 3 weeks, not forever
- Long enough to learn your usual meals
- After a week the app already knows them

 Quick Add list filling in.

A6

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"My client tracked for 7 days.
Look at this."

BEATS: SAY IT YOUR WAY

- Weekday vs weekend calories
- Protein low every day
- You can't fix what you can't see

 Printed Weekly Recap PDF: STAGED demo only (or written client consent).

A7

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"Three 'protein' foods that are
mostly not protein."

BEATS: SAY IT YOUR WAY

- Protein bar: check the label
- Peanut butter: mostly fat
- "Protein" granola: mostly carbs
- Barcode scanning is free, by the way

 Hold each; barcode-scan one in the app.

A8

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"Stop doing cardio to 'burn off'
dinner."

BEATS: SAY IT YOUR WAY

- 40 minutes here is about one slice of pizza
- Know the number, then decide
- Train to get strong, track to get lean

 On a treadmill. Type "pizza 300" and tap the one-tap add row. No "earn your food."

A9

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"Hey Siri, log food with Cave Cals."

BEATS: SAY IT YOUR WAY

- Hands full? Log anyway
- Siri asks what you ate and reads back your total
- Hands full. Log done.

 Dumbbells in both hands. Use a food logged before.

A10

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"Eating out doesn't have to wreck your week."

BEATS: SAY IT YOUR WAY

- Snap the plate
- Fix a portion if it's off
- Close enough beats not at all

 Restaurant table: Meal Scan, Review Scan, Add All.

A11

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"The weigh-in routine I give every single client."

BEATS: SAY IT YOUR WAY

- Same time, after the bathroom, before food
- Log it, then ignore it
- Check the weekly average on Sunday

 About You: log today's weight, then the Progress weight chart.

A12

CAVE CALS · TRAINER SERIES

HOOK (FIRST 2 SECONDS)

"Trainer ranks calorie apps."

BEATS: SAY IT YOUR WAY

- Fair pros and cons of each (checked today)
- Cave Cals: free barcode, learns your meals, caveman
- Best app is the one you'll actually use

 Green screen over App Store pages. MUST disclose the partnership.
